Medical Care Abroad

Global Service Center

We maintain a 24/7/365 Global Service Center to assist you with everything from routine requests to complex medical situations. We coordinate emergency services with a worldwide network of Regional Physician Advisors.

GeoBlue Provider Community

You will receive care from carefully selected, trusted providers. Our contracted network of physicians and hospitals receive direct payment from us once you arrange direct pay, so you will not have to pay out of pocket and submit a claim.

Direct Pay

It is customary for most international providers to require a Guarantee of Payment (GOP) prior to providing non-emergency care. If Direct Pay is not arranged prior to the visit, the physician may require payment up front from you. If you are going to see any provider, including one in our provider community, contact us at least 48 hours prior to your appointment to secure Direct Pay.*
